BAY HAS NEW FIRE COMPANY TO FIGHT FOR PUBLIC SAFETY

Public Meeting Held at City Hall Wednesday Night Resulted in Permanent Organization—Election of Permanent Officers Followed Temporary Organization.

NUMBER OF COMMITTEES ORGANIZED FOR IMMEDIATE WORK.

Sheriff-Elect Jos. V. Bontemps Made President, With R. L. Genin Vice President—List of Active and Honorary Members—Outlook Encouraging.

Pursuant to a call of citizens, promulgated through the medium of the columns of The Sea Coast Echo last week, a meeting of our townspeople was held at the City Hall. The purpose, to organize a fire company for the better and further protection of physical Bay St. Louis.

There was a splendid attendance. The public called for the call in true fashion. There was plenty of enthusiasm, and of the right kind, that spells success. G. E. Templett was selected as temporary chairman and Henry Capdepon temporary secretary of the meeting.

This was followed by the election of permanent officers, after which it was decided to organize a fire company. There was the usual balloting and a friendly spirit of rivalry was manifested. After several ballots the following result was declared:

President, Joseph V. Bontemps. Vice President, Robert L. Genin. Secretary, Gus E. Templett. Treasurer, Frank Quintini. Captain, August Sentinelli. Engineer, Pedro Monti.

Committee of three for by-laws: R. L. Genin, chairman; H. F. Mattox, W. J. Gallop.

Committee of five, to call on business people and others for cash contributions to fund: G. E. Templett, chairman; A. A. Ferguson, O. T. Arnold, John Buehler, W. H. Starr.

Committee of three to call on Cumberland Company in reference to giving information as to location of fire: R. W. Webb, R. L. Genin, Joseph V. Bontemps.

Among those present the following named were noted and who signified their intention of becoming active members: E. W. Drackett, Pedro Monti, Thomas Quintini, Albert Jones, George P. Capdepon, W. H. Starr, Hugh Bourgeois, R. W. Webb, R. L. Genin, Forest L. Favre, John Favre, Leo Taconi, H. Morel, Eugene Smith, Joseph V. Bontemps, H. D. Gill, W. B. Brenford, W. J. Gallup, Theo. Morel, Leon B. Capdepon, Jr., Wallace Bontemps, George P. Dabney, Wm. D. Bourgeois, John F. Buehler, G. E. Templett, Henry Capdepon, Alan R. Vairin. Honorary members: A. A. Ferguson, Dr. C. L. Horton, W. H. McDain.

FORD TO HAVE FINEST FACTORY IN EUROPE.

New Plant Will Be Established at Copenhagen, Denmark—To Introduce New Standards.

By next spring the Ford Motor Company will have completed an immense new factory at Copenhagen, Denmark, which will be one of the finest in Europe, introducing in that part of the world new standards in design and operation.

The growth of the Copenhagen assembly plant since its opening in June, 1919, has been remarkable and it is now the second largest factory among the foreign companies, first place being held by the plant at Manchester, England.

A total of thirteen countries are served by Copenhagen. These include Denmark, Iceland, Faroe Islands, Sweden, Norway, Finland, Free State of Fingia, Estonia, Latvia, Poland, UKaina and Germany.

The demand for Ford cars during the present year has been particularly good in three Scandinavian countries, Denmark, Norway and Sweden, and the Fordson Tractor has come into extensive agricultural use.

Construction work on the new plant at Copenhagen is well under way. The site, covering four and a half acres, is admirably situated on the south harbor of Copenhagen. The building is being erected so that ocean freighters coming up the North Sea can dock on two sides of it, permitting direct delivery of assembly material from the Manchester plant and from Detroit, via New York. Railroad service also will be direct to the property.

The new building is 400 feet long by 300 feet wide. The outer section is two stories high with an inner court of one story with a flat roof. All stock will be moved by conveyor. The second floor will be devoted to an exclusive body making factory. The chassis assembly line, which will be on the same continuous production system, that employed in all American plants of the company, will be on the first floor.

The new plant and property represents an investment of more than \$1,000,000.

MAYOR R. W. WEBB IS CANDIDATE FOR RE-ELECTION.

Is Urged to Enter Race by Admiring Friends and Public—Has "Made Good" as "Chief Executive and Continuation of Service Is Wanted, Say Friends.

When an official serves his people well and efficiently his services are always recognized and in appreciation he is re-elected if he asks for such an endorsement at the hands of his constituents.

Mayor R. W. Webb is a candidate for re-election to the office he holds, asking that he be elected on his record. During the last term or two Mayor Webb has taken the city of Bay St. Louis out of the third and fourth-class rate to that of a first-class city. This was accomplished by the many substantial improvements he has fostered and brought to a state of fruition. Of these, the dream of years has been accomplished, the building and financing of a permanent sea wall protection along our riparian front and the installation of a municipally-owned waterworks system. Both are improvements that are indeed far-reaching, making a permanency for our city like nothing else will and affording in both instances a protection that means insurance.

The amount of property already saved by the sea wall from damage by the warring elements and property by fire has already more than paid for these improvements. The many other towns along the Mississippi Gulf Coast have striven to build a sea wall protection, but it is a herculean task and seemingly, so far, in vain. Hence, the accomplishment for Bay St. Louis is all the more.

But these are not the only improvements inaugurated under the Webb administrations. They are varied and numerous and from time to time will be called attention to as the campaign advances and the occasion will demand.

Mr. Webb has many good things in view for Bay St. Louis and his election would assure our people the upward building of our city. His candidacy, as presented in the columns of The Echo today, is for the consideration of every lady and gentleman voter, and he solicits their support.

Bay St. Louis is in a transitory stage, from village to city; from a hick town to a live, progressive and good place to live in. It would seem to be a mistake to swap horses while crossing stream. It appears Mayor Webb is the logical man for the job in order that the march of progress be unimpeded, inaugurated by him, may continue and in order that our people may continue to prosper.

"CHIEF" JONES ANNOUNCES FOR RE-ELECTION.

Albert Jones, Who Serves City as Marshal, Is Candidate For Re-Election and So Announces in Columns of The Echo—Is Well Known.

"Chief" Jones of the police force of the city of Bay St. Louis is announced in this issue of The Echo as a candidate for re-election to the office he holds, and is asking for a return to the office on the record he has made.

Albert Jones has been marshal of the city for a number of years and is thoroughly versed in its affairs and how to efficiently marshal its business within the lawful scope. He is on the job day and night, ever on the alert and strives at all times to uphold the peace of the community and dignity of the law.

He is fearless and thorough in the discharge of his duties and should the voters decide to re-elect him he will continue giving the same conscientious and constructive services as in the past.

Personally, Albert Jones is too well known to be given an introduction to our readers. He is known by every man, woman and child. His name has practically become a household word.

He asks the voters of the city, ladies and gentlemen, to give his candidacy their most earnest consideration, and further asks if they can consistently do so to give him their vote on election day.

BAY-WAVELAND CLUB OPENS DOORS.

Management Wants Members and Their Respective Families to Make More Use of Club House—To Make It Popular Meeting Place For Evenings.

A meeting of the directors of the Bay-Waveland Club was held Tuesday night at the club house, and among many matters transacted it was voted to in future make the club house a more popular meeting place. The idea is to have one entertain one's friends at the club, any night of the week, to make use of the piano, graphophone, to spend a moment or evening in private social pastime. The Bay-Waveland Club belongs to its members and members are their friends and family.

The club is managed by the directors and is open to all members and their families. It is a place where one can enjoy the best of everything.

"OUR ANDY" IS CANDIDATE FOR CITY MARSHAL.

Andy Becker, Recently Elected Constable, Yields to Solicitation of Friends and Announces for City Office—Wants To Serve City.

"Our Andy" is a candidate for marshal, city of Bay St. Louis, and, accordingly, the announcement of his candidacy appears in this issue of The Echo.

Andy Becker is well and favorably known; he is a young man with many friends and acquaintances and it is upon their solicitation last summer he allowed his name to be used on the county ticket, when he was overwhelmingly elected constable for the local beat. But there is practically no work for constable in this beat and the office is practically nil, one only in name. Hence, his friends want him to run for city marshal, feeling that in this office, if elected, he could serve more actively and to more purpose.

Since his friends put his name up formerly and elected him, he feels that he is still in the hands of his friends and has allowed his name to be used in connection with the office of city marshal, and now that he will give the office his best time and attention and purposes to do all that is embraced in the scope of the office.

Mr. Becker, or "Our Andy," as he is frequently alluded to, is a young man. Not too young to hold the office, but old enough to be trusted. He has entered the race is anxious to be elected. He asks the consideration of every lady and gentleman voter in the city. His candidacy is presented in these columns for their consideration.

OUR LETTER FROM A. & M. COLLEGE.

To The Sea Coast Echo, Dec. 12.—With the nucleus of a football team beginning to take form at Mississippi A. & M. College for the next season and with the return of Coach Earl Abell being a general understanding and practically assured, along with a majority of this season's regulars who have one or more years yet to play under the conference rulings, football will take the stage at AgCenter next season with a brighter light of favor shining upon it than it has enjoyed ever before.

The send-off accorded Coach Abell on his departure for his home in Wisconsin during the early part of the week was perhaps the most glorious ever staged in the history of A. & M. The entire student body and the band were down at the train, voicing their approval of his record this season and wishing him well during the time that he is away from AgCenter, in a very emphatic and uproarious manner.

The Mississippi Aggies had a hard schedule this season and handled it well. Though being eliminated from the running for the championship of the Southern Conference early in the season by a loss to the University of Tennessee with a score of 7 to 3 in a heart-breaking game, they are happy over the fact that neither the champions of the S. I. C. nor Florida, one of the teams picked as runners-up, were able to lick them. They are gratified somewhat over the fact that the week-end following their tie with the Commodores these same Commodores took Tennessee into camp with a score of 51 to 7.

The Mississippi Aggie record for the year follows:

Aggies.....	23	Mississippi.....	6
Aggies.....	6	Ouchita.....	0
Aggies.....	13	Ole Miss.....	7
Aggies.....	3	Tennessee.....	7

Mississippi A. & M. College in particular and Mississippi in general are well represented at the Second National Boys and Girls Congress, which began in Chicago, December 1, and extends through December 8th. Sixty picked boys and girls, having won their trips by a show of superior merit in contests over twenty thousand, and other young Mississippians, are enjoying the benefits of the congress.

The boys' contingent consists of 32 club boys, 1 "Dad," 3 county agents and 3 Boys' Club leaders. The girls' contingent consists of a party of twenty of the State's champion club girls and three chaperones, Mrs. Della B. Alley, District Home Demonstration Agent for the Delta District; Miss Elaine Massey, Girls' Club agent, and Miss Staley, Home Demonstration Agent of Lauderdale county.

State Senator T. G. McCallum, of Laurel, Miss., delivered the chapel hour address at Mississippi A. & M. College this week. The senator spoke in the interest of a bill that he introduced in the State Legislature to give to the United States Congress that it provide a colony for the negroes of America in Africa.

According to Senator McCallum there are three ways to handle the negro question: to let it alone, to give him a country of his own, where they can go if they so desire, and have a government and citizenship of their own people.

Mr. McCallum says that we do not face the issue on the negro question. He says that the founders of America realized the potential danger in the question and considered in their hearts that colonization was the only way out.

The senator does not believe that the negroes are doing anything to harm the white people.

STOKES IS STILL ACTIVE IN QUEST OF MORE REVENUE

Repudiated Overwhelmingly by the People of Mississippi, But Not After Claims That Will Not Him Twenty Per Cent in Future, If Sustained.

NO REGARD FOR MENTAL ANGUISH—SIMPLY ASSAULTS.

"Ruthless Disregard of the Common Interest Which Resulted in His Defeat at the Polls Last Summer"—Many New Suits Are Pretexts.

The Laurel Leader in an editorial calls attention to the activities of Revenue Agent Robertson, who was so overwhelmingly repudiated by the people of Mississippi this summer, having been repudiated in every county, every city and every ward in which he held office.

Many of these suits are said to be based on flimsy pretexts. But the present State revenue agent is in a hurry, as it is necessary to initiate the litigation before he surrenders his office in January, and it will be easy enough for him then to dismiss cases where the evidence is not sufficient to warrant prosecution.

It doesn't matter to Mr. Robertson that the filing of suits may cause serious loss and mental anguish to those who are unjustly assailed. But it is important to him that his successor, who is soon to assume charge of the office, does not feel the compensation for the commission which resulted in his defeat at the polls last summer.

Neither does Mr. Robertson worry over the fact that this sort of promiscuous litigation is seriously retarding the growth and development of the State. In fact it was his ruthless disregard of the common interest which resulted in his defeat at the polls last summer.

Under the State law, the present State revenue agent will be entitled to participate in collection for which suits are filed before the expiration of his term—and these suits are now being filed promiscuously throughout the State.

It has been the purpose of the local K. C.'s to build a hall and clubhouse for some time past, but the site suitable was secured until the main street property was purchased. This building will be large and afford many conveniences. Later it is proposed to make a two-story structure of the place, the front to be built on a high foundation.

Not only the present building, but the grounds are spacious and will lend to many angles of treatment and amelioration. Located on one of the main thoroughfares of the city and centrally located to all things as well, make the site one of the best obtainable for the purpose in the city, and the K. C.'s are to be congratulated on their selection and their prosperity—both financially and otherwise. Jos. O. Maunfray is local head, and under his guidance and wise counsel the Council has grown and prospered to a remarkable degree.

PASSING AWAY OF ESTIMABLE WOMAN.

Death of Widow of Judge H. M. Graham at Home of Daughter, in Pearlinton, Last Saturday—Interment in Bay St. Louis Sunday.

Followed by a concourse of sorrowing relatives and friends, all that remained of Mrs. H. M. Graham, of Pearlinton and formerly of Bay St. Louis, was laid to rest in Cedar Rest Cemetery Sunday afternoon, in the family burial plot near the Baptist church.

Mrs. Graham, in her 82nd year, had been in an enfeebled condition, and her passing away followed. She was a native of Alabama; had resided with her family in Bay St. Louis for fifteen years. After the death of her husband, Judge Graham, of Beat No. 5, fifteen years ago, she moved to Pearlinton, Miss., where she resided with her daughter, Mrs. R. S. Boardman, at the family home on the banks of the Pearl. She was a native of Alabama, where the family resided before coming to Bay St. Louis 30 years since.

She is survived, in addition to her daughter, Mrs. Boardman, at Pearlinton, by Miss Maggie Graham, of San Francisco, Cal., and two sons, Messrs. Kenneth and Wade Graham, both connected with railroad work and residing in Alabama.

Although advanced in years and having long outlived the allotted span of life, the news of the death of this estimable woman was received here with no small degree of surprise and with general and genuine sorrow. She was typically the "sweet mother" and "dear old lady." A woman of refinement, God-given attributes, her departure will be more keenly felt by those who knew her best, and those who loved her will ever miss the glow and warmth of her charming and radiating spirit.

There is a newly-made Howards' funeral home in the hallowed precincts of "God's Acre" where a recent chair and a word in a hushed tone, but the spirit of the good soul still lives and her memory will never be dimmed by the years of absence. Her privilege was to live here.

The funeral home is a new building, and the spirit of the good soul still lives and her memory will never be dimmed by the years of absence. Her privilege was to live here.

MUNICIPAL CAMPAIGN FORMALLY OPENED.

This Issue of Echo Carrying Political Announcements, Open Campaign—Democratic Primary to Take Place in February.

With this issue of The Sea Coast Echo, the campaign for Bay St. Louis municipal elections formally opened and from now on the race will continue in earnest until some time in February. As yet the date for primary election has not been set, but that will be determined by members composing the Democratic executive committee, and that date will be set for some time in February, as per custom.

Elsewhere in this issue of The Echo will be found a call for a meeting of the Democratic voters of Bay St. Louis at the City Hall, January 7th, at 7 o'clock, for the purpose of electing a Democratic executive committee of the city, as provided by the primary election laws of the State. The call is signed by Dr. J. C. Fountain, chairman, County Democratic Executive Committee.

This issue of the paper formally opens the campaign for the reason a number of candidates announce their candidacy for election. It is expected others will soon follow and the campaign, while always conducted on a high and dignified plane in the past, will be on in earnest and along the same lines.

NEW HALL FOR LOCAL FRATERNAL ORDER.

Material Already on Ground For New Knights of Columbus Hall—Liberty Building, in Main Street, To Be K. C. Council Castle.

At a meeting of Pere Lucie Council No. 1522, Knights of Columbus, Bay St. Louis, held Sunday night at W. O. W. Hall, plans for the office of Messrs. Shaw & Wolcott, Gulfport, were received, and the building of a new front to the Liberty Building in Main street, recently purchased from A. Reddick, who acquired the property last summer from George J. Toca.

The plans call for a brick front, of castle design, ornamental yet solidly constructed, and the entrance to be one suited for the building and its future purpose. Already brick for the purpose is on the ground and workmen will begin as soon as sufficient material will have arrived.

It has been the purpose of the local K. C.'s to build a hall and clubhouse for some time past, but the site suitable was secured until the main street property was purchased. This building will be large and afford many conveniences. Later it is proposed to make a two-story structure of the place, the front to be built on a high foundation.

ALL EYES ON CONGRESS.

It is obvious now, a week after the publication of Secretary Mellon's plan for a reduction of the income tax rates, that Congress will not be able to ignore or sidetrack this vital issue. The chorus of approval of the program set forth by the secretary of the treasury becomes louder each day. Everybody who pays a tax, and especially everybody whose only capital is brain or muscle, wants the Mellon plan translated into law. The only dissenting voices are of politicians who would prefer to have the tax kept on so that the pork barrel may be full, says the New York Herald.

Congress will meet on Monday, December 3rd. The public will be watching it this year with an eagerness unparalleled except in war time. The public wants Congress to begin a fight on extravagance with a guarantee of genuineness in the form of the income tax cuts which Secretary Mellon says may be made if the gov-

ernment does not throw its money away. As soon as the organization of Congress is complete the taxpayers will look for action. The legislation must originate in the House of Representatives, the members of which will come up for re-election next year.

Under the circumstances there can be no ducking or dodging for long. If it goes at the business in the right spirit the ways and means committee should have a tax bill incorporating the Mellon reductions put before the House next month. Once the House has passed the bill, there should be little hesitation over it in the Senate where the men of real statesmanship and vision know that the Mellon proposal is not only immensely popular but will be a benefit to the country generally.

Some of the more timid men in Congress have expressed a fear of what the radicals might do if the revenue system were opened for amendment. What can they do if the majority of Congress, irrespective of party lines, is behind the movement to cut taxes? And the passage of the reduction bills should not be a partisan matter. It will not be successful if the party leaders in Congress have their wits about them. The Republicans cannot vote against the bill without handing to the Democrats a pistol for use in 1924. The Democrats cannot vote against it and then put an economy plank in their national platform.

To everyone, thanks to Mr. Mellon, ought to feel cheerful. There may expect to see a session of Congress run for the benefit of the public.

ADDITIONAL CITY ECHOES.

—Bay St. Louis' new fire company will meet at the City Hall on Monday of every month. The membership roll is open and volunteers are asked to swell the list. Your membership would be an earnest of your support and loyalty to the cause.

—The large attendance at the City Hall Wednesday night, when an entirely new volunteer fire company was organized, speaks well for our people and the public interest and civic loyalty which was so liberally manifested. In time, our fire company will become the pride of Bay St. Louis.

—Mr. George S. Horton, live and wide-awake proprietor of the Horton Electric Company, recently moved to the Masonic building, following the fire. Front and Main streets, has already established his business in attractive and spacious quarters. A large show window in front, nearing completion, adds considerably to business and street.

—Mrs. and Miss McKilligan, of Union street, are entertaining Mr. L. J. Meachan, of Virginia, Minn. Mr. Meachan reports this his first visit to our Southland and he is greatly impressed with the climate and charmed with our little city. Mr. Meachan has been very prominently identified with the Canadian Knights of Columbus for some years, and we look forward to a visit from the far north before the distinguished visitor returns after the holidays.

—Pick out a present from this list for the man: Flashlight, leather purse, safety razor, pipe, fountain pen, shaving brush, glass humidifier for tobacco, or a box of cigars.

—Owing to the lateness of the season, The Echo is taking no more orders for engraved Christmas cards, but we are taking a few orders for printed cards. We have a limited supply of cards in stock and can supply while this lasts. Quick delivery guaranteed. This is going to be a card-sending Christmas.

—Mr. C. L. Waller has returned from Hattiesburg, Miss., where he was called by the death of his brother, Knox Waller, who passed away the victim of the aftermath of pneumonia. The deceased was well and prominently known, at one time connected with the State banking department. He was 41 years of age, survived by wife and two sons.

—Xmas Cards are moving fast at The Beach Drug Store. Better get yours now while the assortment is complete.

—In commenting on the dividing of the Bay Cafe building for tenants, as will be used in future, we inadvertently stated Mr. Gutierrez would conduct the restaurant in future, when the name of James Tacon should have been used. Mr. Tacon, who at present is residing in New Orleans, will assume control of the place about January 1st. An eastern country will be conducted in connection with the lunch room. Joe Labat, tailor, already occupies the other side.

VALENA C. JONES SCHOOL TEAM BESTS BLOXI TEAM.

The Valena C. Jones High School basketball team, accompanied by Principal G. W. Brown, went to Biloxi Friday afternoon, where they met and successfully defeated the basketball team of the Biloxi Graded and High School in one of the most hotly contested games in the history of the two schools. The home boys left the Bay on the 12:20 train, going north, and on arriving at Biloxi found a steaming hot dinner ready for them. But the boys had been warned not to "eat and play, but to play, then eat." At 2:30 p. m. the signal was given to play ball, and in five minutes the surging, anxious, cheering throng realized that a battle royal was raging as the two giant teams grappled in a death-like struggle for the mastery. Tugging and swaying from goal to goal and from side to side with a bulldog tenacity that showed grit and determination on both sides, the fight went on until 2:50 p. m., when the referee announced, "Time's up." Breathless, limping and with perspiration bursting from every pore, the tired players slowly made their way to the rest room and the score stood 6 to 4 in favor of Biloxi. At 3 o'clock the referee's whistle cried "Havoc," and let slip the dogs of war. Bounding forward with a determination and swiftness that at times seemed like madness, the Biloxi team battled hard to maintain their lead. While the home boys were struggling like gladiators to defeat the visitors.

Frantically pacing the lines, Principal Brown and the officers of his team demanded "Victory" of the home boys. Above the roar and noise of urging appeals, shouts of cheer, songs and yells, the referee's whistle rang out loud and clear, "Time's up!" There was a death-like silence among the ranks of the 500 students and visitors of the Biloxi school as the sturdy referee calmly said: "The score stands 12 to 9 in favor of the Bay boys."

The tired but brave players met and grasped each other's hand in congratulation of the skill and endurance shown on both sides. Our home team was composed of Louis Schuler, Joseph Lee, Emil Graves, Alex White, Harry Fairconature, captain; Otto Richardson, president; Harry Daniels, manager, and Harold Bennett, secretary-treasurer.

FORD PRODUCTION LEADS ALL OTHERS.

Approximately 49 per cent of the passenger cars and trucks produced in the United States during the first ten months of 1923 were Fords.

This is shown by a comparison of the automobile production figures given out by the United States Department of Commerce and those of the Ford Motor Company at Detroit, Mich.

The department's figures on cars and trucks, the latter including fire apparatus and street sweepers, shows a total of 3,396,658 for the first ten months of 1923.

Ford production figures for the same period, which include as those of other companies, cars and trucks made at Detroit for assembly in foreign countries, totals 1,689,374. This total, however, does not include the production of the plant at Manchester, England, which manufactures practically all of its parts and which produced 27,000 cars and trucks during the first ten months, nor does it include the ten-month output of 69,482 cars and trucks by the Ford Motor Company of Canada, Ltd.

A comparison of the truck production figures shows that 62 per cent of the trucks produced in the United States during the first ten months of 1923 were Fords. The total number of trucks turned out during the ten months from January 1 to November 30, 1923, with Ford truck production at the same time totaling 1,000,000.

DANGER IN DELAY

Kidney Diseases Are Too Dangerous For Bay St. Louis People To Neglect.

The great danger of kidney troubles is that they so often get a firm hold before the sufferer recognizes them. Health will be gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, gravel and Bright's disease may follow as the kidneys get worse. Don't neglect your kidneys. Help the kidneys with Doan's Kidney Pills, which are so strongly recommended right here in Bay St. Louis.

Chas. P. Taconi, retired grocer, 212 Carroll Ave., says: "My back ached and stooping brought catches in my back and made it hard for me to straighten. My kidneys acted too often and at night my rest was broken on this account. I got Doan's Kidney Pills at DeMontuzin Sons' Drug Store, and they cured me of the attack."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Taconi had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.
